You can list all 778 current records or look someone up by last name or even show all guys who were onboard during a specific year (e.g., for 1962 there are 175 listed). If you do take the time to register yourself (you do not have to be a member) there are additional search criteria available. Plus, the easiest way for someone to find you is put yourself in the profile system.</p>

I think he possibly would have left the ship July or August 67 as he was scheduled for discharge in August 67. I didn't know where to begin it's been so many years. Larry was in the CR Div (at least that was part of his address so I presume that is correct). I ran across some old letters and thought I'd try to contact him. My last name was Zenor then and I lived in Los Angeles. I contacted Bob (admin) and he suggested I post a message here. If you know how to contact Larry please email Bob (bob@USSGalveston.org). Thanks for any help.</p>

During the '65 WestPac The Galveston had her motto challenged by another Navy unit. While the ship was off of the South Vietnam coast, a brown water Swift boat came alongside. As the Swift boat was departing it's skipper hailed the Galveston bridge and claimed his craft could go faster than the Galveston. Captain Goodfellow was on the Gal bridge and his response was to have the 6" turrets and 5" mounts rotate and train their barrels towards the Swift boat. Then Captain Goodfellow returned the challenge by hailing, "Let's see how far you get!"</p>
